This examination is solely intended to assist a prospective purchaser. This examination is done at the request and expense of the prospective purchaser and is intended only for use by the said prospective purchase. All exam findings recorded by the examiner are based on his/her opinion, to the best of his/her knowledge and upon information available at the time of the exam. Many medical or musculoskeletal conditions are difficult to diagnose or may go unrecognized on a routine Pre-Purchase Examination. If the horse has been ridden at the level and intensity for which it is being purchased, many of these conditions can be recognized or ruled out. Neither the examiner nor the report based on the examination make any representations concerning purchase price, value, use by a particular rider, suitability or rideability of the horse being examined. Any decision concerning purchase of the horse is solely the responsibility of the prospective purchaser.
